# U-PVC PIPE & FITTING PRODUCER

PIPE & FITTING

## AVIENT SOLUTION

ColorMatrix™ Liquid Color Concentrates

## WHY AVIENT

- Improved the customer's workplace environment by installing a new tote liquid supply system
- Enhanced color consistency and reduced production wastage from pigment speck and streak issues
- Complied with strict regulatory controls for potable pipe requirements

**LEARN MORE**

## KEY REQUIREMENTS

- Support the mass production capacity of white pipe extrusion
- Reduces particulates from TiO<sub>2</sub> bulk pigment use in the workplace
- Ensure excellent pigment dispersion to meet mechanical pipe properties over an extensive useful life
- Compliance with NSF and UL regulations for end application requirements in the building and construction industry
